

AUTOMATE YOUR PETROL STATION TODAY!

Pesapal Forecourt Management Solution (PFMS) is an all-in-one solution designed to digitize and streamline petrol station operations. Whether you're managing one station or an entire network, PFMS brings automation, accountability, and efficiency helping you reduce losses, optimize performance, and improve profitability for your petrol station.

» OUR VALUE PROPOSITION

PFMS empowers petrol station owners, fleet operators, and oil marketing companies with complete operational oversight. It simplifies payment processing, enhances inventory control, monitors staff activity, and ensures accurate, real-time reporting all from one central dashboard.

KEY FEATURES

- ✓ **Inventory & Tank Monitoring:** Monitor fuel tank levels using Automatic Tank Gauging (ATG) and receive real-time inventory reports
- ✓ **Pump Attendant Tracking:** RFID tagging tracks attendant transactions and shift performance
- ✓ **Fuel Dispensing Automation:** Dispense fuel only to registered vehicles through Automatic Vehicle Identification (AVI)
- ✓ **Fraud Detection:** Monitor fuel cycles and detect discrepancies or unauthorized dispenser activity
- ✓ **LPG & Lube Reports:** Ensure no loss in non-fuel product revenue with detailed product tracking
- ✓ **Convenience Store Integration:** Accept payments and manage dry stock sales within the same platform
- ✓ **Integrated Payments:** Accept mobile money and card payments via Pesapal POS, with simple transaction reconciliation
- ✓ **Loyalty & Rewards Program:** Incentivize repeat visits from PSV drivers, trucks, and boda-boda riders with discounts, rebates, and redeemable rewards
- ✓ **Price Boards Management:** Adjust fuel prices remotely and ensure instant updates across locations.

» WHY USE FORECOURT MANAGEMENT SOLUTION?

Integrated with POS systems and compliant with tax authority requirements

Secure, PCI-compliant infrastructure

Improved stock visibility and reduced fuel losses

Scalable and customizable to fit your business needs

Centralized management for single or multi-branch operations
